Contribute to the growth and advancement of our vibrant community

We are thrilled to present you with the unique opportunity to sponsor KCDs, an extraordinary series of events that play a vital role in fostering the global community of engineers, developers, and cloud-native enthusiasts. As the adoption of Kubernetes and cloud-native technologies continues to surge, KCDs have emerged as one of the premier platforms for connecting like-minded professionals who shape the future of digital infrastructure.

In the last 3 years, the Cloud Native Computing Foundation supported more than 62 completed KCD events² in 33 countries, and 45 cities.

Our activities are supported by CNCF

All of our activities are supported by the Cloud Native Computing Foundation (<https://cncf.io>). CNCF is part of the well-known nonprofit Linux Foundation (<https://linuxfoundation.org>).

KCD events are community driven, and aim to provide visitors with relevant topics from the cloud environment and help them to form social network for sharing experiences. All of this in native language.
